## About Me

I am a passionate and fast-learning developer with hands-on experience in modern web technologies and AI-driven tools. I enjoy building clean user interfaces, integrating intelligent features, and experimenting with agent-based AI systems. With a strong problem-solving mindset and the ability to learn quickly, I aim to create efficient, scalable, and smart digital solutions.

## Currently Learning

- Claude Code CLI,
- Agentic AI workflows,
- Backend development
- Qwen model integration
- AI-driven applications

# IQRA KHAN

## AGENTIC AI & WEB DEVELOPER

## Education

### Matriculation in Science

S-G School

### Intermediate in Commerce

H-i Osmaniya college

### Graduation

Bachelor's Degree in Commerce  
Karachi University [ In Progress]

## certificate

**GIAIC** [In Progress]  
GenAI, Web3, and Metaverse

### Apptech Learning

Excelled in MS Office

## Skills

### Agentic AI

Agent-based systems, autonomous workflows, task automation, multi-agent coordination, tool & API integration

### Prompt & Context Engineering

Effective LLM prompt design, system & user prompt structuring, context management, RAG-style knowledge retrieval

### Python Development

Automation scripts, data handling & processing, AI/ML scripting, backend logic, Streamlit-based apps

### Frontend Development

HTML, CSS, JavaScript, TypeScript, modern UI development best practices  
Frameworks & Libraries

React, Next.js, Tailwind CSS, component-based architecture, reusable UI patterns

### Responsive Design

Mobile-first layouts, adaptive UI, cross-device compatibility, accessibility-friendly design

### UI/UX

Clean, intuitive, user-centered interface design, wireframing, usability-focused layouts

### Version Control

Git & GitHub, branching strategies, collaborative workflows, code reviews

### Performance Optimization

Clean, reusable, efficient front-end code, load-time optimization, scalable design practices
