### About Me

I am a passionate and fast-learning developer with hands-on experience in modern web technologies and AI-driven tools. I enjoy building clean user interfaces, integrating intelligent features, and experimenting with agent-based AI systems. With a strong problem-solving mindset and the ability to learn quickly, I aim to create efficient, scalable, and smart digital solutions.

### Currently Learning

Gemini CLI & Agentic AI Tools

- hands-on practice with model integration and automation.
- AI-Driven Development (AIDD)
- building AI-powered workflows and practical development tasks.
- AI & Next.js Development (AIND)
- exploring intelligent app development with modern frontend tools.

### Education

#### Matriculation in Science

S-G School

#### Intermediate in Commerce

H-i Osmaniya college

### certificate

Excelled in MS Office

AppTech Learning

### Skills

#### Agentic AI

- Agent-based systems, task automation, tool integration

#### Prompt & Context Engineering

- Effective LLM prompts, context design, RAG-style structuring

#### Python Development

- Automation, data handling, AI/ML scripting, Streamlit apps

#### Frontend Development

- HTML, CSS, JavaScript, TypeScript

#### Frameworks & Libraries

- React, Next.js, Tailwind CSS

#### Responsive Design

- Mobile-first layouts, adaptive UI

#### UI/UX

- Clean, intuitive, user-centered interface design

#### Version Control

- Git & GitHub

#### Performance Optimization

- Clean, reusable, efficient front-end code
